13. BASIC FUNCTION OF POSITION

Under the supervision of the Prevention Branch Chief, incumbent serves as the Key and Priority Populations Specialist. The incumbent organizes, implements, coordinates, and supervises HIV/AIDS activities of several programs addressing their risk vulnerabilities in collaboration with the Ministry of Health, Uganda AIDS Commission, implementing organizations, non-governmental organizations, universities, and/or private industry.. The programs include those targeting drug users, sex workers, Men who have sex with Men (MSM), transgender, fisher folks, trucker and any other populations deemed to be at substantial risk of HIV as conducted by U.S Centers for Disease Control and Prevention (CDC) Incumbent provides implementation

guidance and technical support to implementing partner staff members, including doctors, nurses, clinical officers, program managers, HIV Prevention Coordinators, district-level health officials, health centers, etc., funded through cooperative agreements to implement HIV/AIDS continuum of response

14. MAJOR DUTIES AND RESPONSIBILITIES

% OF TIME

Program Management

(80%)

Under the supervision of the Prevention Branch Chief, the incumbent has primary responsibility for the design, development and implementation of a national prevention strategy and action plans for Key and Priority Populations. Serves as an HIV/AIDS subject matter expert in the area of HIV prevention and related services for key and priority populations which includes but is not limited to. Case finding, Antiretroviral Therapy, condoms and lubricant last mile distribution, drop in center service, Gender based Violence and CSO engagement Leads PEPFAR CDC in implementing programs to deliver effective HIV prevention services and strategies to Key and priority populations. Provides technical and programmatic advice on the implementation of HIV/AIDS prevention programs involving the key populations as defined in the National Prevention Strategy (sex workers, clients of sex workers, Men who have sex with men, Sex workers, Injecting Drug users, Transgender, clients of sex workers, fisher folk and truckers). Collaborates, as needed, with other technical staff in the Prevention Branch on the design and implementation of these strategies, including ensuring high quality interventions, processes, and outcomes. Plans, oversees and coordinates with Ministry of Health (MOH) and Uganda AIDS Commission and other PEPFAR partners implementing HIV/AIDS prevention activities for key and priority populations. Provides technical and programmatic support for the successful implementation of adolescent girls and young women programs focusing on epidemic control in young and adolescent girls particularly where there is an overlap with the programs for female sex workers.

Working under the leadership of the Ministry of Health and Uganda AIDS Commission, job holder provides advice on appropriate technical implementation strategies and collaborates on design and implementation strategies based on the latest theories, normative guidance and research findings in the areas of prevention for key and priority populations. Plans, oversees and coordinates various projects and activities of cooperative agreements with Ministry of Health and the Uganda AIDS Commission and implementing partners for activities in support of HIV prevention; incumbent is responsible for the development, modifications and/or adaptation of HIV prevention strategies implemented under cooperative agreements/grants/contracts. Ensures that implementation plans meet approved technical and contractual guidelines. In addition, the incumbent will serve as a member of one or more CAMPTS and as a lead activity manager for an implementing partner.

The incumbent will design, update and implement various instruments for data collection to monitor and evaluate progress of the HIV prevention activities as necessary. Ensures that implementation, monitoring and evaluations, and reporting are carried out in a timely manner. Provides guidance on the development of relationships leading to increased collaboration among implementing partners.

Maintains knowledge of the appropriate roles of prevention activities in a comprehensive HIV/AIDS response (opportunities to strengthen or leverage national, regional, local systems for HIV/AIDS prevention education, VCT, care referral).

Oversees and conducts site visits to urban and rural sites to ensure appropriate technical assistance in program implementation; monitors progress and evaluates performance, reviews and analyzes results, and recommends changes in implementation as appropriate. Maintains knowledge of current literature, evidence-based interventions, research, policies and programmatic experiences both domestically and internationally in order to recommend appropriate approaches and best practices for the targeted populations.

Administrative Management

(20%)

Job holder prepares all required reports related to Key and priority Population activities, including periodic progress reports, and donor reports, as appropriate. Organizes annual project reviews with implementing partner organizations; maintains files and records in the prevention data collection specific to the activities/programs for which incumbent is responsible. Program files include reports, meeting summaries and minutes, copies of all grants/cooperative agreements/contracts, research determinations, panels, and awards. Whenever possible these records will be filed electronically and entered into the reference system.

Prepares and presents briefings for visitors and participates in making arrangements for visits. In coordination with the supervisor, controls site visits or segments of site visits for agency and inter-agency PEPFAR senior-level officials.

Job holder participates in national, agency and inter-agency technical working groups, policy and strategic planning meetings, including meetings with collaborators and donor agencies. Job holder will focus on non-duplication of services provided by USG agencies, cooperative partners and contractors and will share strategies to influence other organizations engaged in HIV/AIDS prevention for Key Population programs to adopt a collaborative approach to program activities. Briefs agency officials on the results of such meetings and prepares written reports for submission to other interested parties.

Note: This position description in no way states or implies that these are the only duties to be performed by incumbent. Incumbent will be required to perform other duties as assigned by the agency.
