10. **SECURITY LEVEL REQUIRED:** The successful Offeror must obtain a U.S. Government Employment Authorization.

11. STATEMENT OF DUTIES**General Statement of the Purpose of the Contract**

The USAID Uganda Mission is seeking for an Organizational Capacity Development Advisor: PEPFAR Local Partners Initiative Coordinator to coordinate the transition of the majority of its HIV investments to local Ugandan entities.

The contractor must exercise flexibility, leadership, and professionalism in the execution of responsibilities related to program design; program implementation; strategy planning; operations and management; and strategic communications.

The position is located in the HIV Unit within the Office of Health and HIV (OHH).

Statement of Duties to be Performed

The President's Emergency Plan for AIDS Relief (PEPFAR) is the single largest sector program in the USAID/Uganda portfolio. PEPFAR investments in Uganda have resulted in substantial progress toward HIV/AIDS epidemic control, the point at which new HIV infections have decreased and fall below the total number of deaths among HIV-infected individuals.

As Uganda approaches epidemic control, PEPFAR has directed agencies to shift the majority of PEPFAR investments to indigenous partners to promote sustainability and local ownership of the "maintenance phase" in epidemic control. Uganda is a "tier 1" focus country for shifting 70 percent of global PEPFAR resources to local partners by 2020. USAID has begun to transition its PEPFAR portfolio from only international prime implementing partners to predominantly local entities. This transition is complex and requires dedicated professional coordination to ensure that the mission achieves its goal while minimizing programmatic and fiduciary risks.

1. Program Design - (40%)

--A&A Activity Design: Participate in design teams and lead activity designs for acquisition and assistance activities that contribute to the local partner transition strategy. Activity design includes the processes and products described in the USAID/Uganda Mission Order on Project and Activity Design and USAID Automated Directive System (ADS) 201.

--G2G Activity Design: Participate in design teams for Government-to-Government (G2G) activities that contribute to the local partner transition strategy. G2G activity design includes the processes and products described in ADS220.

--Illustrative tasks: Serve as activity design team member or leader, contribute to design process deliverables including market research, project/activity description or statement of work development, mandatory and elective analyses (ex: gender, environment), activity checklists, and Senior Obligation Alignment Review (SOAR) approvals. Participate in assessments of potential partners' financial and technical capacities. Contribute to G2G design deliverables including statements of work, budgets, and implementation letters.

2. Program Implementation - (35%)

--Agreement / Contracting Officer's Representative Duties: Obtain certification and serve as A/COR or alternate A/COR for activities within the Office of Health and HIV. Serve as the implementer's primary liaison at USAID responsible for oversight and management of awards according to the terms of the award document (contract, agreement, etc.). Activities may include technical PEPFAR activities or risk management and capacity building activities.

--Illustrative tasks: Participate in work planning, review and accept deliverables, oversee technical interventions, provide approvals per the award as needed, monitor and evaluate programmatic progress, track spending and report on finances, approve vouchers, and support USAID's collaboration, learning, and adapting approach to award management.

3. Strategy Development- (10%)

--Local Partner Strategy Development: Develop the USAID/Uganda PEPFAR local partner transition strategy.

--Country Operational Planning: Ensure that the local partner transition strategy is reflected in the programmatic and management sections of the COP.

--USAID/Uganda Strategy Alignment: Ensure that USAID/Uganda's PEPFAR investments are aligned with the vision in the USAID/Uganda Country Development Cooperation Strategy (CDCS).

--Illustrative tasks: Incorporate feedback from USAID/Washington, the Office of the Global AIDS Coordinator, and the PEPFAR Uganda interagency team into subsequent drafts of the USAID/Uganda local partner strategy. Participate in preparation of COP budget and staffing tables, presentation of Uganda's approach for the COP approval meetings. Participate in the CDCS mid-point stocktaking exercise, portfolio reviews, and future CDCS revisions or drafts.

4. Operations and Management- (10%)

--Staffing Analysis: Analyze USAID/Uganda's ongoing needs for long and short term staff and consultants to support the overall local partner transition and individual designs and assessments associated with the transition.

--Hiring and SOW development: Once needs are identified, draft position descriptions, statements of work, purchase orders, etc. necessary to mobilize new human resources to advance the local partner transition strategy.

--Resource planning: Monitor human and financial resource availability for the planning and implementation of the local partner transition strategy.

--Illustrative tasks: Review staffing needs against available staff, write terms of reference and program descriptions, analyze PEPFAR management and operations budgets, draft staffing tables for the COP, liaise with Washington and Mission actors to identify mechanisms for bringing on short term technical assistance for local partner strategy development and implementation.

5. Strategic Communications- (5%)

--Communications to implementing partners: Ensure regular and relevant communication to implementing partners throughout the transition to local ownership. Incorporate feedback from implementing partners into the local partner transition plan. Document challenges and best practices related to local partner transitions.

--Communications within the Mission & Embassy: Share information and incorporate feedback from offices within USAID/Uganda and other PEPFAR agencies including the Centers for Disease Control and Prevention (CDC) and Department of Defense (DoD) and PEPFAR Coordination Office (PCO) who play critical roles in transitioning the USAID PEPFAR portfolio to local entities.

--Communications with Washington: Proactively communicate with the Office of HIV and AIDS in the Global Health Bureau at USAID/Washington and other parts of the Agency and PEPFAR. Respond to requests for information from headquarters and ensure transparency about the transition to local partners. Ensure that risks in transitioning the portfolio are documented and shared with headquarters.

--**Illustrative tasks:** Draft the weekly newsletter on the USAID/Uganda local partner transition, maintain the internal transition website, represent USAID/Uganda on conference calls, webinars, and in person meetings on the local partner transition initiative.

POSITION ELEMENTS

Post Entry Training: The OCD Advisor shall annually complete Financial Disclosure Report (OGE 450 form) and attend mandatory annual Ethics training conducted at USAID/Uganda by the Legal Advisor. On-the-job training will be provided relating to USG specific procedures, regulations, and methods. The contractor will be required to attend and successfully complete appropriate training courses, subject to course offerings and the availability of funds, including: Contracting/Agreement Officer Representative (COR/AOR) courses leading to COR/AOR certification; Project Design; Public Financial Management Risk Assessment; (A&A 104) Acquisition and Assistance Management for Contracting / Agreement Officers' Representatives, and Introduction to the Program Cycle.

Available Guidelines: USAID Automated Directives (ADS) Chapter 201; Agency Policies, USAID/Uganda Mission Orders, policy and guidelines; USAID/USAID Country Development Cooperation Strategy.

Exercise of Judgment: In instances not clearly covered by written guidelines, the contractor will use his/her own personal, well-informed judgement in devising innovative approaches to setting priorities and resolving technical, administrative, managerial and/or policy problems. The use of initiative, tact, diplomacy, discretion and patience is required in dealing with colleagues at USAID, other USG government agencies, implementing partners, the Government of Uganda as well as representative from donor organization to resolve problems that arise during the course of work for which there is often no clear or immediate solution.

Authority to Make Commitments: The contractor has no independent authority to commit funds on behalf of the U.S. Government. However, the contractor establishes priorities based on available guidelines and professional judgement and makes recommendations to USAID on specific activity issues or problems. As an AOR/COR, the contractor shall have authority and responsibility to provide technical oversight and activities management to achieve program goals. S/he will have the authority to represent USAID in the articulation of program objectives.

Nature, Level, and Purpose of Contacts: The contractor shall maintain strong working relations with USAID colleagues and members of other US Government Agencies. S/he must establish and maintain a wide range of working level contacts with the Office Health and HIV, implementing partners, USG agencies, donors, community members, and government health workers at Ministerial and lower levels.

Support Items: The contractor will be provided with the support services, equipment, and supplies necessary to perform the work.

Supervisory Relationship: The OCD will report directly to the HIV Unit Leader.

Supervisory Controls: This is not a supervisory position.

12. PHYSICAL DEMANDS: The work requested does not involve undue physical demands, though travel may occupy up to 10% of work time.

II. MINIMUM QUALIFICATIONS REQUIRED FOR THIS POSITION
